**Don't dump it in the
environment,
We can recycle
that too!!!**

**Here at Hazleton Oil
& Environmental,
WE DO THINGS
RIGHT!**

- H.O.E. will pick up your waste water
- Waste water is any product that has water mixed with it
 - ~ This could be soaps, solvents and metals but is not just limited to that
- This is a processed substance that is recycled
- Dumping waste water down the drain is a hazard to our environment

**We can work together as a team
to keep our environment clean!**
